Comments reg. warning for an enforcement notice and consultation, j.nr. 19/00352-1/2

Declaration of my vessel

- The person signing is the owner of the vessel with the name

Please find attached pictures to identify the vessel.

- The vessel is anchoring up in front of Danish coast.

- The vessel is therewith used for sailing.

- The vessel is

ready to sail.

Under reparation, expected ready to sail primo 2019.

- Other remarks:

- I find it unacceptable that Kystdirektoratet is posing such a short time period for the removal of my vessel, because the usual sailing practice in Danish territory is a season start from mid April.

- I ask therefore for a deferment of the case til mid April, or until a consultation process has come to a conclusion.

- The removal of my vessel is regarded as theft and will be reported to the police.

Best Regards
